Deputy Treasurer

Blackhawk Parents, Students, Staff, and Community,

We recently received notification from the Indiana Department of Education, who regulates and monitors our National School Lunch and National School Breakfast Programs, that the USDA waiver that allows schools to serve free breakfast and free lunch to all of our students has been approved for Indiana.

Effective Monday September 14th, 2020 all Springs Valley students will receive both breakfast and lunch for free. This waiver is effective until December 31, 2020 or until the funds for the program run out. When the program ends normal lunch pricing will resume.

There is no change to the ala carte program. Students purchasing ala carte items will need to pay for those items as they go through the lunch line. Student fund balances will remain in their accounts and may be used for ala carte items or may be used for meal purchases when this waiver ends.

All Springs Valley virtual learning students are eligible to participate in the free meal program.

Adult meal pricing remains the same. Adults will need to pay for their meals.

We want to encourage all of our students to participate in both our breakfast and lunch programs as it is of great benefit to the school to have the highest level of participation possible.

Trevor Apple
Superintendent
Springs Valley Community Schools
